

CYCLE RACING TRACK MAY BE BUILT ON BERKELEY OVAL.

acing Course of Wood as Fast as Any in the Country.

DOTBALL IN THE CENTRE.

plendid New Athletic Field for New York if Everything Works Well for Owners.

in up-to-date, well-built, modern bicycle track for New York is a probability that almost certain to be realized before the closing of another racing season. The track will be located at Berkeley Oval. The track will be built of wood, after the style of the famous course at Willow Grove, in Philadelphia and will be three and a half laps to the mile.

The utmost care will be spent upon its construction, in order that the records set at New York may be able to stand comparison with those made at any other track in the United States.

As expected by the projectors of the track, its location, the quality of the ground to be held over its surface, and the attractiveness of its management will make one of the most popular tracks for racing men and spectators that ever has been erected in the American public.

Furthermore, Berkeley Oval will be so situated that the ground area not only will be available for bicycle racing in Summer, but will be used by the big college football teams for their games during the Autumn months.

It has been known for some time that the projectors of Berkeley Oval in New York have been looking for a suitable plot of land on which to build a track. Some time ago they discovered a place, Lexington avenue, while others desired a site in the Bronx.

The Lexington avenue scheme never has been realized, for the reason, it is said, that no ground area of sufficient amplitude and of the second, and perhaps of the third, class, has been found. The projectors of the track are now looking for a suitable plot of land on which to build a track. Some time ago they discovered a place, Lexington avenue, while others desired a site in the Bronx.

Bicycle Track on Berkeley Oval.

The management of Berkeley Oval proposes to build a fine bicycle track of wood. It is to be one of the best made in the United States, and New York cycle cranks may see many records shattered. Within the area surrounded by the tracks there will be a magnificent field for football events. It is rumored that some of the big college eleven will return to New York and play their games at the Oval. Commendous stands will be erected with modern exits, providing for the handling of the spectators. The track project is heartily indorsed by the State and national officials of the League of American Wheelmen.

SOME OFFICIALS WOULDN'T SERVE.

Fear of the Western Turf Members Frightened Pimlico Men.

DOSED WITH LAUDANUM.

One of the Starters in the Third Race Given Dope—Rumor of \$13,000 Offer for Plaudits.

Baltimore, Md., Dec. 1.—If there were any admirers of American Turf Congress races at Pimlico today, the afternoon's results must have proved a surprise to them. Early in the day it looked as if there would be a general rush to avoid earning the penalty promised in Secretary Hopper's several communications, but as the time for the first race rolled around these signs of weakness disappeared, and as a consequence, the sport showed little or no effect of the scare.

Billy Oliver voiced the sentiments of all when he said: "If we can't trust our interests and future with the Jockey Club, why let's about time we quit racing altogether. They have told us we can race and that should mean they will see us through." This settled the doubters, and the card held pretty close to its original shape. With the officials there was not the same confidence.

Patrol Judge Hall had announced that he would not take the chance of offending the Western powers, and he kept his word, notifying the association that he would not serve. Clarence McDowell, the presiding judge, yesterday announced that he would hold to his position, but second thought brought a change of mind. He decided that as he was under contract to officiate at New Orleans, in justice to those concerned he would not put himself under ban, and although he was in the stand during the afternoon, he did not place the horses. Messrs. Manly and Beckwith, the stewards of the meeting, officiating in his place. Of the jockeys, Souger and Sherrer declined to ride.

Many believe that the whole affair is a scheme in the interest of the New Orleans meeting, which opens on Saturday. If this is the case, the plan has failed its purpose, as the majority refused to be frightened off with threats. Moreover, it is almost certain that at the next meeting of the Turf Congress all will be restored to good standing.

The only happening out of the ordinary came after the third race. The owner of one of the starters was so surprised with the showing of his horse that he at once followed him to the stable, where he has been in care of a fellow trainer. He claims that he found indications that the horse had been dosed with laudanum and in his stall found a bottle which still contained some of the drug. He will probably report the case to the police.

The long delayed coup with L. O. Appleby's "Nearest" was brought off in the fourth race. She was played down from 8 to 1 to 1, and won by a head. He could have won on either General Maceo or Judge Waverly, who finished second and third. Colley pulled up very lame after his race. He was just able to hobble back to his stable.

Irving's handling of Oceana caused considerable talk. It was far below his best work. Jockey Pinegar yesterday signed to ride Fred Gehlbard's jumpers next season. He will go to the track at once to be ready for the Spring schooling.

NEW RIGGING FOR VALE SHELL.

Bob Cook Profits by the Experience of Last Season.

ELI TO ROW HARVARD.

Race Will Take Place on Old New London Course—Cornell Not to Be Overlooked.

New Haven, Conn., Dec. 1.—It is now certain that a change will be made in the rigging of the Yale Varsity shell this year. The authorities are silent in regard to detailed information on the subject. This much is known, however, that the proposed change contemplates an arrangement similar to the rigging adopted by last year's victorious freshmen eight. The Varsity rigging differed in one or two important respects last year from that of the freshmen. The latter was the same as the method of rigging the shell used by Yale several years ago. This has been gradually departed from for various reasons, but the fact that last year's Varsity eight was beaten, while the freshmen crew, with the style of rigging indorsed by Bob Cook, won, has continually proved the desirability of the latter.

It is rumored that the members of last year's crew had views differing slightly in this regard from those of Mr. Cook, and the matter of placing the slides the latter removed them against his own better judgment. The fact of the freshmen winning last year will, however, justify Mr. Cook this season in pursuing his own ideas to the letter.

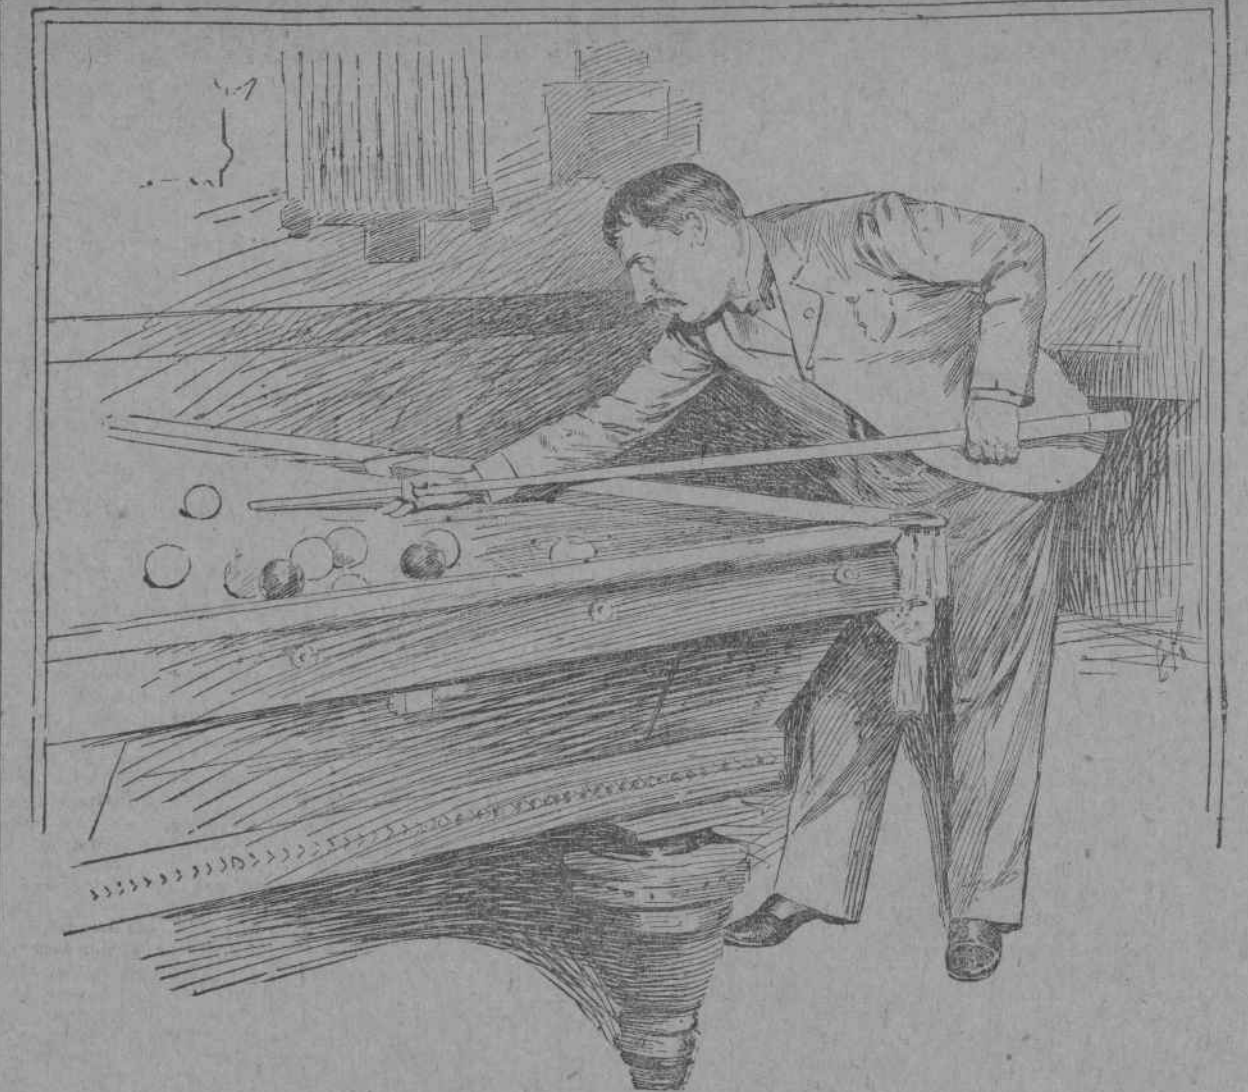

The course at New London is pleasing alike to graduates and undergraduates, both on account of its associations with past Yale victories, and on account of its general situation and character. It is almost certain that at the next meeting of the Turf Congress all will be restored to good standing.

The Yale Daily News today contains the following editorial on the subject: It will please every Yale man, especially graduates, to know that the old Harvard race at New London, leaving the Cornell race to be settled afterward. They have held off for a long time, however, and kept on conducting the course on the Harvard track, a favorable offer from the New London Board of Trade. The latter, it seems, made a favorable offer, which has been accepted. Captain Payne, who has been in charge of rowing matters this evening said:

"I do not think it right that we should give out the exact terms of the offer from the New London Board of Trade, although in course of time I have no doubt it will leak out, as it is essentially a private arrangement. He will go to the track at once to be ready for the Spring schooling."

It is stated here that John Madden has been offered \$15,000 for the privilege of being a prominent turfman generally believed to be J. Stovey Curtis, who will race him in England. The colt is wintering in Jimmie Rowe's care at Brookdale.

General Sporting Notes. A one-mile team relay race, confined to schools in the city, was held at the Madison Square Garden, Dec. 1. The race was won by the N. J. A. D'ORO AGAIN IN A HOSPITAL.

ALFRED D'ORO, the Cuban pool player and champion of the world at that game, after two operations, from which he appeared to have recovered, has been again obliged to return to the hospital to be placed under surgical treatment. A third operation will be necessary, and some fear is entertained of his recovery.

SWEETS ARE NOT FOR THESE GIRLS.

In Training for Places on Syracuse University Basketball Team.

BUILDING UP MUSCLE.

Professor Doesn't Hold Them to a Training Table Because They Are "On Honor."

Syracuse, N. Y., Dec. 1.—With their Thanksgiving turkey and mince pie a score or more of co-eds at Syracuse University devoured their last square meal for many a long day. Immediately after dinner on that day they went into training for basketball, and the regulations governing the basketball team allow only the plainest of table fare.

Two of the teams were organized a few days before Thanksgiving, but the appeals of the girls to defer training until their share of the American bird had been demolished, moved even the athletic heart of the gymnasium instructor, and the girls on the teams revealed in turkey last Thursday with all the rest of American thanksgiving. A good deal of preliminary practice has been done all the Fall, and now the regular class teams are organized with a Varsity team to be picked from the best players among them. They are to train in every particular as faithfully as do the football men. Late hours, irregularities in eating, and sweets, pastry and soda water are all tabooed.

Every ball playing girl on the teams goes to bed promptly at 10 o'clock, rises at 7, breakfasts at 8, and has a half hour of rest. After breakfast, exercises for an hour in the gymnasium, gets out in the air for an hour after morning college lectures, dines on wholesome food at noon, plays a practice game at ball, spins at 6 o'clock, and is asleep again at 10.

SYRACUSE AT THE TOP.

Get the Championship of the Eastern League in Spite of All Protests.

The annual meeting of the Eastern League, the most important of the minor baseball organizations, was convened at the Fifth Avenue Hotel yesterday, when the following delegates responded to roll call: Toronto, A. A. Irwin; Buffalo, James Franklin; Montreal, George W. Cameron, J. P. Mackie, J. A. C. Clarke, George A. O'Reilly; Syracuse, George S. Knickerbocker; Scranton, H. P. Simpson, Thomas R. Brooks; Wilkes-Barre, E. E. Rogers, C. W. Tamm; New York, George S. Knickerbocker, Thomas E. Burns; Providence, E. A. Johnson, J. M. Battey.

The Board of Directors went into session at 2 P. M. President Powers presented a statement of the club standing, and also a number of protests as to games, Mr. Powers' rulings being sustained by the Board. The standing of the clubs was not affected, Syracuse first, Toronto second, Buffalo third, Springfield fourth, Providence fifth, Scranton sixth, Montreal seventh, Wilkes-Barre eighth.

JEFFRIES IS A PROMISING PUG.

May Show Well in Heavy-weight Class with More Experience.

CHOYNSKI'S BEST FIGHT.

Gave Away Fifty Pounds, and Then Held the Decision to a Draw.

San Francisco, Dec. 1.—In last night's fight Choynski fought against odds and fought well. After this few will dispute Jeffries' claim to be considered a possibility for the world's championship. He is a clever boxer and, while little more than a novice, he fairly puzzled a man who, while young in years, is a veteran at distillates.

If any mistake was made in Choynski's corner it was in not allowing Joe to go at his big vis-a-vis more at the start. Jeffries was decidedly rattled when he entered the ring, and it was not until several rounds had elapsed that he regained his natural color and began to fight with confidence. Possibly the idea of going against such a celebrity as Joe Choynski had this disturbing effect.

Once Jeffries did extend himself there was no sign of white feather about him. Choynski covered himself with glory and has never shown up to such advantage. He is as clever a quick as ever, and he fought night he fought the first exciting battle he has ever been mixed up in. Contrary to his general tactics he was not reckless for a minute, and every round showed that he was feeling his man's power like a past master.
